

Mary Steenburgen
Actress
Arkansas Native

MY FATHER LEARNED THE HARD WAY THAT THERE'S NO SAFE WAY TO USE TOBACCO.

Growing up in Arkansas, my dad was my hero. He worked for the railroad, played golf and he loved the Razorbacks. Unfortunately, he also chewed tobacco. He thought it was a safe alternative to smoking, but he was wrong. I lost my dad to cancer in 1999.

In his memory, I ask you to call
1-800-QUIT-NOW.

Ask how you can receive free nicotine-replacement patches,
while supplies last.
