

# CANCER DOESN'T COME IN "ULTRA LIGHT."

There's no safe way to use tobacco. Doctors know it. The government knows it. Even Big Tobacco knows it. Cigarettes that are "light" or "low tar" are still killers. That's why the Department of Justice has forbidden the use of these terms in cigarette marketing.

Filter out the lies. Check out [stampoutsmoking.com](http://stampoutsmoking.com) for more information on why and how to stay totally tobacco-free.
